This festive season, I'm giving you a gift that protects our oceans.

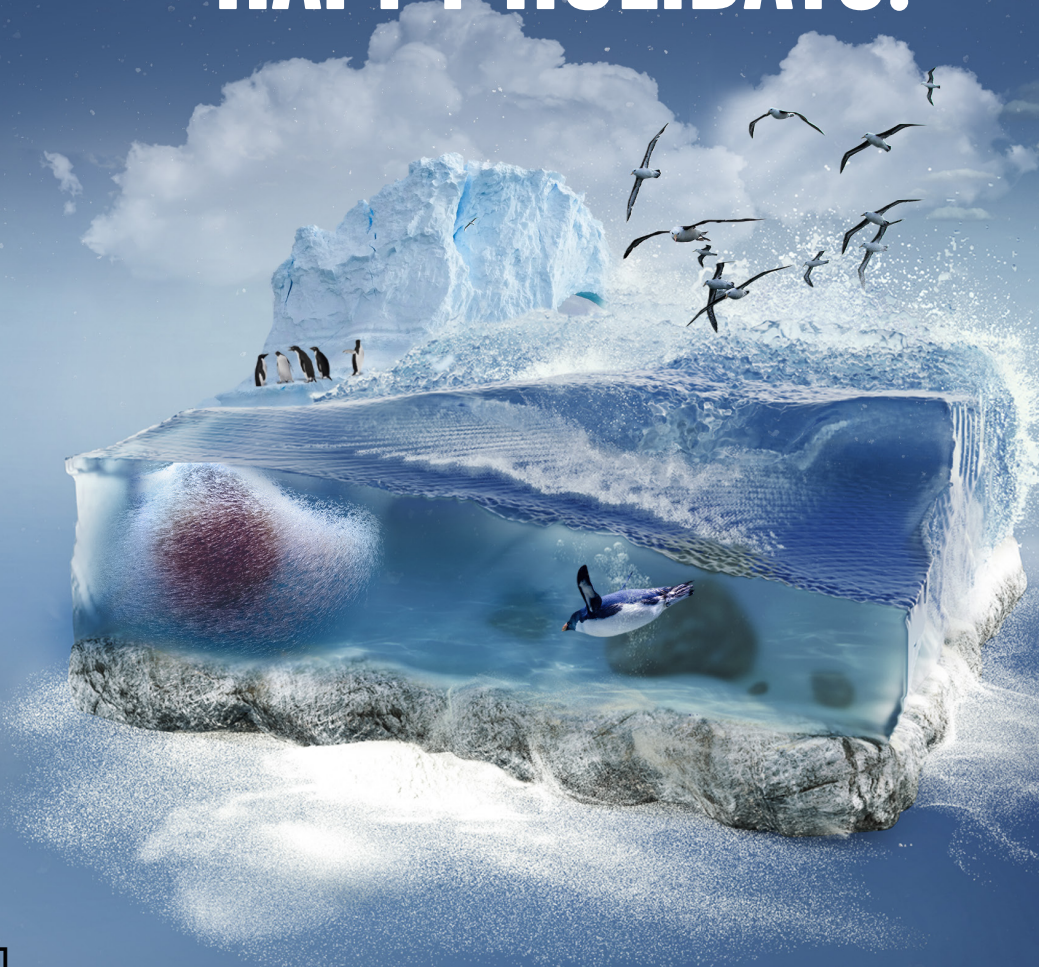

# A SQUARE OF ANTARCTIC OCEAN

You won't own it, but you'll help to protect it.

I've donated to Greenpeace to protect a piece of the Antarctic Ocean for you. In the pristine Antarctic, whales feast on tiny krill, seals raise pups on icy plains, and penguins survive dark winters by huddling together. This gift will help protect them by supporting Greenpeace's campaign to establish an Antarctic ocean sanctuary.
