This festive season, I'm giving you a gift that protects our oceans.

A SLICE OF GLOBAL OCEAN

You won't own it, but you'll help to protect it.

I've donated to Greenpeace to protect global oceans for you. The high seas harbour incredible wildlife, provide a livelihood for billions, and help regulate the climate. We all depend upon them. This gift will help keep oceans healthy by supporting Greenpeace's campaign for a global network of ocean sanctuaries.
